Welcome return

MATT Palmer, Anemo's guitarist makes a welcome return home to Exeter when his three-piece band play Three Fat Fish, Exeter, on Monday.

The group release their double A side single Made of Fiction/ Fallout Renegade on the same day.

Made of Fiction is a four-and-a-half minute composition that grows from a delicate piano introduction to a passionate rock song. Each instrument adds a subtle layer to the

sound which finally erupts into a chorus strong enough to rock any dance floor.

Fallout Renegade once again shows song writing and musical arrangement in true Anemo style as drum loops, distortion and vocal gymnastics dictate how modern rock music should sound. The single also includes an acoustic mix.

Anemo will release their debut album Slowburn in September.
