[:: Band on Smother ::](#)

Socratic - With biting lyrics and a terrific grasp on melody, Socratic is a band that's not afraid to make fun of screamo bands and do it with aggressive indie pop hooks that will have the emo kids clutching their tattered sweaters even tighter. Their music sways from symphonic to rock opera to the best impression of Plebald's more pop moments...

Anemo - Slowburn

[Buy it from InSound](#) [Get this on iTunes](#)

The United Kingdom's Anemo are bursting across the ocean to launch stateside with their unique brand of rock. Diva singer Hazelle Woodhurst unleashes her soaring melodic vocals amid a crunchy guitar rock backdrop. Lyrically it's a great read and good listen as they branch through a myriad of topical themes. A promising band, Anemo simply must be heard to be believed.

Living Space - Secret Lives, Strange Goodbyes

Living Space, a San Francisco Bay area quartet draws on their songwriting ability throughout their stellar genre-bending album "Secret Lives, Strange Goodbyes". Blending indie pop with folk and soul from the '60's and '70's, Living Space is an eclectic band that has a good knack for writing catchy hooks and pop-fueled rock blasts.

Robert Jordan - Gypsy Curiosa

[Buy it from InSound](#) [Get this on iTunes](#)

As a twelve-year old Robert Jordan boarded a train destined for Philadelphia hoping to meet Huff and Gamble at their Sound of Philadelphia recording studios. He met them and got a personal tour of the facilities and a ride home from Leon Huff. After writing scores and studying classical guitar, he joined up with bands but soon realized that his true calling was a solo singer/songwriter. His music reaches towards progressive rock with singer/songwriter enthusiasm amid hard beats and splendid production.

Popstar Assassins - Moderne

[Buy it from InSound](#) [Get this on iTunes](#)

Popstar Assassins remind me a lot of past R.E.M. songs. Each polished track has that signature vocal that Michael Stipe made so famous from the depths of his Athens, Georgia hometown so many years ago. A pop-rock adventure with a well positioned guitar assault, "Moderne" digs their heels deep into noisy indie pop with deviant memories of the past two decades of rock.
