a Review by [Amy Lotsberg](#) Producer of Collected Sounds

**Anemo is one part goth (think Evanescence), one part rock, and a dash of, dare I say it, dance, even! But don't think Donna Summer disco, that's not what I mean. It's the drums that makes me imagine some of these songs in a dance club. But really it is mostly dark rock well done dark rock.**

**Lead singer Hazelle Woodhurst has a gorgeous voice that growls as well as it soars over the driving drumbeats and interesting melodies.**

**But don't be distracted by the flashy music, the lyrics are really well written. Sometimes it's hard to concentrate on the lyrics because there's a lot of other stuff going on, but try. It's worth it. Luckily the band has included the lyrics in the liner notes.**

**I like how Anemo is able to cover the whole range of emotion in the songs. They go from quiet almost ballad-like to screaming, driving hard rocking power.**

**This is a great CD for fans of the darker side of rock.**
